

Specification Amendments:

In accordance with 37 CFR §1.121, please replace the specification with the attached Substitute Specification. The Substitute Specification includes no new matter. Both a marked version of the Substitute Specification and a clean version of the Substitute Specification are attached in accordance with 37 CFR §1.125.

The Substitute Specification amends the numbering of the figures and, as such meets the requirement outlined in the Notice of Omitted Items dated June 25, 2004. The Applicant constructively accepts the application as deposited. No new matter has been added through the filing of the Substitute Specification. Therefore, the application is entitled to the filing date, April 14, 2004.
